PARTNER PACKAGE DETAILS

Core Processing Discount

$250,000 in free processing for all new Stripe users with a direct integration (18-month expiration).

Onboarding

A dedicated specialist will work with you and your dev team on your Stripe integration to get you up and running as quickly as possible.

Priority Beta Access

Stripe aims to be the catalyst for entrepreneurship and innovation. We are constantly building new products, entering new markets and working towards better supporting forward-thinking businesses. As such, you will have preferential access to our beta products as they become available!

Priority Event Access

Stripe frequently holds events for our users including technical 1:1 office hours, best practice deep dives from industry leaders and networking. You'll be the first to hear!

Stripe Business Essentials

We want to ensure that we are best supporting you in your current state and that we are well positioned to help drive your continued growth. During our chat we will discuss ways to increase conversion, mitigate fraud, optimize declines, reduce currency conversion costs and more! Thinking about going international, exploring different payment methods or adding a new product – during our chat we will also discuss your near term growth considerations in order to align on next steps.

Support

Our most experienced support team members will ensure that your support messages are handled with expert attention in less than 6 hours.
